

## AFM Legislative Alert

Dear ,

This morning the House Judiciary Subcommittee on the Courts, the Internet and Intellectual Property passed H.R. 4789, the Performance Rights Act. This is a major victory and it puts us one step close to securing a full performance right in sound recordings. The next step is for the bill to be voted on by the full House Judiciary Committee. The victory today proves that there is strong bipartisan support for a performance right for musicians.

Thank you so much for your help.

Sincerely,

Hal Ponder
