

From the Office of the President

Dear President Bell,

You may have heard of American Income Life Insurance ("AILI"). They are a union company that provides appealing benefits packages to labor organizations.

The AFM has been honored to be on the company's Labor Advisory Board, which is composed of many of the most influential labor leaders today, such as John Sweeney of the AFL-CIO and Morton Bahr of the Communication Workers of America.

I am writing to inform you that AILI might be contacting your local regarding the products that they have available for your members. Please be assured that AILI is a legitimate company whose benefits deserve serious consideration. The company has been around for a long time and has received the overwhelming approval by the AFL-CIO and its unions.

If you have any questions, please do not hesitate to contact my office.

Sincerely and fraternally,

Thomas F. Lee, President
AFM
